[LinkedIn](#) ▪ Remote-first

FullStack & Cloud Software Developer with 4+ years building and evolving production systems, specialized in AWS Serverless and Event-Driven architectures. Grew from trainee to independent Semi-Senior developer within the same company, owning production deployments and system integrations end to end. Strong focus on clean architecture, SOLID principles, and technology decisions that hold up in production.

Core Competencies

- **Cloud & Serverless (AWS):** Lambda, API Gateway, SQS, S3, DynamoDB; Event-Driven architecture; Azure Services.
- **Backend (.NET):** C# / ASP.NET, Entity Framework Core, REST APIs, microservices, SQL.
- **Frontend:** Angular, TypeScript, JavaScript, React, Bootstrap.
- **Integration (iPaaS):** Dell Boomi (Professional level), third-party system integrations, event-driven messaging.
- **Practices & Tools:** SOLID, Clean Code, OWASP Top 10, CI/CD, Git, Scrum/Agile, Claude Code (agentic development).

Professional Experience

- **Baufest SA** **Montevideo, Uruguay (Remote)**
FullStack & Cloud Software Developer *2022–Present*
 - Progressed from trainee to Semi-Senior Developer across multiple client projects, taking on increasing ownership at each stage.
 - Took responsibility for production deployments on a .NET + Angular + SQL project; automated recurring daily tasks and built integrations with third-party systems, reducing manual work.
 - Specialized in AWS Serverless and Event-Driven architectures (Lambda, API Gateway, SQS, S3, DynamoDB), applying clean-code principles with a strong focus on production quality.
 - Implemented system integrations using Dell Boomi and AWS services; earned the Professional Integration Developer certification.
 - Worked directly with clients in reconciliation sessions, contributing technical insights to product decisions.

Education

- **Universidad de la Empresa (UDE)** **Montevideo, Uruguay**
Systems Analyst (Analista de Sistemas) *2026–Present*
In progress. Systems analysis and software engineering.
- **UTU – Dirección General de Educación Técnico-Profesional** **Uruguay**
Agricultural Technician (Técnico Agrónomo) *2016–2018*

Certifications

- **Amazon Web Services** – Cloud Quest: Cloud Practitioner; Cloud Practitioner Essentials (2025).
- **Dell Boomi** – Professional Integration Developer; Associate Integration Developer (2024).
- **Anthropic** – Claude Code 101, Claude 101, Claude Code in Action (2026).
- **Udemy / freeCodeCamp** – OWASP Top 10, DevOps & CI/CD, Microservices & Event-Driven, SOLID & Clean Code (2025); Foundational C# with Microsoft (2023).

Languages

- Spanish (native), English (B2 upper-intermediate), Portuguese (reading comprehension).
